1967

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

On March 31, 1967 I saw the object for the first time. It was a very bright red moving in a west to east direction. It stopped and started flashing until the light went out. But later, Helen Ziegler, said she saw it before and after it disappeared. When it came back into sight she said it was still blinking and going twice as fast. No sound was heard by anyone at any sighting. Time 10:45.

On April 1, the object was moving in a east to west direction. The object stopped and started going back from where it came, but it then turned and went south. I watched it until out of sight. Time: between 10:00 and 10:30.

On April 2, the object was going in a east to west direction, stopped and went back until out of sight. Time: 8:00 (object flashing at all times).

The object was not seen until April 3.

(It may have been the same or similar object)

On April 3, the object was hovering the western sky. I looked at it through binoculars. Just after I did, it started blinking. I saw that the object was made up of seven small red lights blinking at the same times. Then the object went toward the ground, but I did not see it land because it was behind trees. Time 9:30

On April 9, the object was hovering and blinking in the western sky, then the object went south until out of sight. Time 10:00. I have never seen it again.

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

24 3 67
Day Month Year

2. Time of day: 2 : 00
Hours Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

[Redacted]
Nearest Postal Address

Pittsburgh Pennsylvania
City or Town State or County

5. How long was object in sight? (Total Duration)

____ Hours ____ Minutes 10 Seconds

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined? actual count

5.2 Was object in sight continuously? Yes ✓ No _____

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

FORCE UFO FORM

Page 2

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- ☒ c. Many
- d. Don't remember

8.2 MOON (Circle One):

- ☒ a. Bright moonlight
- b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- ☒ a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

as bright as a star cluster but orange color

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred

b. Like a bright star

☒ c. Sharply outlined

d. Don't remember

e. Other _____

(Circle One for each question)

13. Did the object:

- a. Appear to stand still at any time?
- b. Suddenly speed up and rush away at any time?
- c. Break up into parts or explode?
- d. Give off smoke?
- e. Change brightness?
- f. Change shape?
- g. Flash or flicker?
- h. Disappear and reappear?

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

yes. as we watched it suddenly fell
away at a 45° angle

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't know.

IF you answered YES, then tell what

it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't know.

IF you answered YES, then tell what

in front of: _____

17. Tell in a few words the following things about the object:

a. Sound

no sound

b. Color

bright reddish orange

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

 actual size

Page 3

Page 4

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

No

IF you answered YES, then what speed would you estimate? 15,000 mph

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

No

IF you answered YES, then how far away would you say it was? 1 1/2 in air

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building

b. In a car

c. Outdoors

d. In an airplane (type)

e. At sea

f. Other

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

c. In open countryside?

d. Near an airfield?

e. Flying over a city?

f. Flying over open country?

g. Other in the suburbs

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North

c. East

e. South

g. West

b. Northeast

d. Southeast

f. Southwest

h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

Yes

No

25. Did you observe the object through any of the following?

a. Eyeglasses

Yes

No

b. Sun glasses

Yes

No

c. Windshield

Yes

No

d. Window glass

Yes

No

e. Binoculars

Yes

No

f. Telescope

Yes

No

g. Theodolite

Yes

No

h. Other the other person saw it with

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

an orange painted football

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I live in Scottsdale Pennsylvania. I'm president of the Sweettown UFO club. I have seen 46 UFO's in two years but ~~can't~~ can't take any pictures of the UFO's because I don't have a camera that takes pictures in the dark. Sports and astronomy is my ~~hobby~~ hobby. I like to be a sports broadcaster. Me and my friend Jim Ober who is now serving in the Navy took a walk in the Jacobs Creek dumps. We went into the deepest part of the dumps when all of a sudden we heard big claps like footsteps ^{steps} coming in back of us we started running and never went into the creek in the nighttime again. I have seen other sightings like the one time me and ~~Jim~~ were on a little grade when all of a sudden a green red and white light stopped in mid-air then it lost altitude and disappeared in about

FO form continued

Page 8

half a second. Also me and my friend
~~my~~ was coming home
from a Christmas tree burning so we went
down an alley in back of our church
so we went home and I found when
I got home that I lost my gray glove so
I went back with Bernard to the
open field when all of a sudden a
red disk like a ^{red} pan on its side rolled
across the Northwest and disappeared in
a few seconds the night was partly
cloudy. Me and my friend saw 4 more
UFO's that night. Other nights my friend
and ~~an~~ red light followed him home and
three more people saw UFO's in March of
1967. I also saw two meteors one of the
meteors was 2 ft. high from ground level
to illegal to set rockets off in the
state of Pennsylvania just because they
don't want us to know nothing about UFO's

~~state police and local police can't be bothered
with nonsense like that so I have to report it to you~~
Please send me 2 more questionnaires so I can
report more sightings to you.

Signed
~~my~~

A good UFO watcher
Too scared to go out woods because I
live by Jacobs Creek and it is called
the Transylvania of Scottsdale, Pennsylvania
If a UFO lands there I can see it
without difficulty.

33. When and to whom did you report that you had seen the object?

28 2 1967
Day Month Year

To Laurel News in New Jersey

[REDACTED]
Cuyahoga Falls, OH
April 4, 1967

AFO Dept.
Wright Patterson Air Force Base
Dayton, Ohio

Dear Sirs,

I hope you will give this sighting some consideration, even though I am 15 years old.

On March 31, 1967 between 10:45 and 11:00 EST someone called my father and said "Do you have a red light moving over your house?". A look outside showed a light moving slowly from west to east. No noise was heard. My father, brother, and I watched it until it could not be seen. The light gave a very bright red. The light did not seem to blink, but rather it pulsed. Gradually the light got dimmer until it faded away. I waited for it to reappear but I did not see it again that night. But someone else did. The next day another person told us that she thought it was a helicopter, but she also heard no noise. She stayed out longer than I did. She says that it did reappear and when it did, it did blink. At no time did it illuminate anything else in the sky. The two persons that saw the object besides myself were Richard Purnell and Helen Ziegler.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

The UFO went straight and then went up higher and higher gaining altitude and then disappearing in the clouds and not coming out of the clouds.

29. IF there was MORE THAN ONE object, then how many were there? 10 altogether
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

direction

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

25 3 67
Day Month Year

2. Time of day:

9 26
Hours Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

Chestnut and Pittsburg Streets in Scottsdale Westmoreland
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration)

0 3
Hours Minutes Seconds

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined?

By clock

5.2 Was object in sight continuously?

Yes _____ No ✓

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

Night
Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

Air Force UFO form continued

Page 4

20. Do you think you can estimate the speed of the object?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then what speed would you estimate?

30 miles per hour

21. Do you think you can estimate how far away from you the object was?

(Circle One)

☒ Yes

☐ No

IF you answered YES, then how far away would you say it was?

10 miles high

22. Where were you located when you saw the object?

(Circle One):

☒ a. Inside a building

☐ b. In a car

☐ c. Outdoors

☐ d. In an airplane (type)

☐ e. At sea

☐ f. Other

23. Were you (Circle One)

☐ a. In the business section of a city?

☐ b. In the residential section of a city?

☒ c. In open countryside?

☐ d. Near an airfield?

☐ e. Flying over a city?

☐ f. Flying over open country?

☐ g. Other

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

☐ a. North

☐ c. East

☐ e. South

☐ g. West

☐ b. Northeast

☐ d. Southeast

☐ f. Southwest

☐ h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

☐ Yes

☐ No

25. Did you observe the object through any of the following?

☐ a. Eyeglasses

☐ Yes

☐ No

☐ e. Binoculars

☐ Yes

☐ No

☐ b. Sun glasses

☐ Yes

☐ No

☐ f. Telescope

☐ Yes

☐ No

☐ c. Windshield

☐ Yes

☐ No

☐ g. Theodolite

☐ Yes

☐ No

☒ d. Window glass

☒ Yes

☐ No

☐ h. Other

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

silver ball

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

It disappeared in the clouds and didn't come out of the clouds

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

☒ Yes

No

Don't know.

If you answered YES, then tell what

it moved behind:

a cloud and it didn't come out of the cloud

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

☒ Yes

No

Don't know.

If you answered YES, then tell what

in front of:

a cloud and it didn't come out of the cloud

17. Tell in a few words the following things about the object:

a. Sound

No It was too high

b. Color

blue with a trail or it of about 1 in.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

2/3 of the object

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

Direction:

It had an exhaust trail

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- ☒ b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- ☒ a. Bright moonlight
- b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

never saw anything so bright.

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - ☒ c. Sharply outlined
 - d. Don't remember

e. Other like a green beam

13. Did the object:

(Circle One for each question)

- a. Appear to stand still at any time?
- b. Suddenly speed up and rush away at any time?
- c. Break up into parts or explode?
- d. Give off smoke?
- e. Change brightness?
- f. Change shape?
- g. Flash or flicker?
- h. Disappear and reappear?

when it came down

For three nights between 9:00 and 10:00 getting ^{to} its earliest
at 8:00, I saw the same or similar object that looked like night
identification lights on an object I could not see. The lights were
blinking. I would have been convinced it was a plane, but
it went at a east to west direction, stopped and went back
once it went south and disappeared on April 1, 1967 between 9:
and 10:00. The night after that it did not go south, but it did
everything else at 8:00. Please investigate this object.

Sincerely

This thing seem to have been revolving on its own axis. Therefore appeared in two different shapes about every 20-30 feet.

coming from the tower and disappeared behind the
tree big and bright.

Western Skies.

Friday March 24th, 1967.

Appeared at 7:57 P.M. as big and bright as a huge town light. Lower than a low flying airplane and could see it like it was just above my neighbor's roof. ^{at 25° angle} Saw it for about 2 minutes, ran for the binoculars got right back to the window and it had already moved up and further away. to about 40° angle to my right kept rocking up and down, back and forth. and had beautiful hues of green, blue and red. I called the State Police and gave him a description of what I saw. however, gave him the wrong direction in which I was watching. This was at the left of the tower. and not to my left. At the time, I did not know this, but the tower I was actually seeing is the new Norwalk Television Tower in Borzab. and not the one on Moby Hill (Radio Tower) like I thought. Therefore, probably misled the Officer by telling him I could see this U.F.O. in the vicinity of Uncaville 4 corners.

Went back to the window, by that time, my daughter and 2 boys were also seeing this. My husband gets home from a shopping trip. He also took a look through the binoculars, and agreed that it looked like something else than a star but was not interested enough to watch any longer. Finally all

Western Sky.

Saturday March 25, 1967.

Saw it about 7:55 p.m. about 70' angle moved up and down about 5 minutes and started to move to my right toward the tower. Would get big & bright would start moving and stop and get dim. Hesitate for a while, rock back and forth then move to the right again. Left in car ^{with my Daughter} about 8:15 p.m. Took route 8 to Goose Lake Road. Got brighter and much bigger. appeared to the right of the tower. Turn around ^{came back} and watched it by Hornick Gulch Course, ^{at left of tower now.} for about 5-8 minutes longer. Then, like a packet it started shooting down. Forming like a long long trail in the most beautiful colors of green blue yellow and red. Then appeared as red as a stop light, got huge and disappeared taking the light to the left of the tower, at about 8:40 p.m. Waited til 9:00 p.m. and came home. At about 12:20 p.m. spotted it again, right where it appeared the first time. As big & bright but seemed higher.

In all three instances we heard no noise whatever.

Easter Sunday, March 26, 1967.

The big brown bee
y seem to be
spinning around in

5.1 How was time in sight determined?

Estimated

5.2 Was object in sight continuously?

Yes ✓

No _____

6. What was the condition of the sky?

DAY

a. Bright
b. Cloudy

NIGHT

a. Bright
b. Cloudy

Overcast

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

Page 2

[illegible]

UFO form continued

Page 4

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

No

If you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

No

If you answered YES, then how far away would you say it was? 3-5 Miles

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building

b. In a car

c. Outdoors

d. In an airplane (type)

e. At sea

f. Other _____

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

c. In open countryside?

d. Near an airfield?

e. Flying over a city?

f. Flying over open country?

g. Other At A Drive-in Movie

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North

c. East

e. South

g. West

b. Northeast

d. Southeast

f. Southwest

h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

Yes

No

25. Did you observe the object through any of the following?

a. Eyeglasses

Yes

No

e. Binoculars

Yes

No

b. Sun glasses

Yes

No

f. Telescope

Yes

No

c. Windshield

Yes

No

g. Theodolite

Yes

No

d. Window glass

Yes

No

h. Other _____

I also Looked through the open window

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

AN Elongated Bowl
Upside-down

(Ex. )

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

Ridge

yes. Behind a mountain

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't know.

If you answered YES, then tell what

it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

☒ Yes

No

Don't know.

If you answered YES, then tell what

in front of:

clouds

17. Tell in a few words the following things about the object:

a. Sound

NO Sound

b. Color

A Glowing Redish-Orange

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

About 1/4

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

Mistake 

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? 3
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

UFO form continued

Page 6

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

yes - Palm Beach, Florida
Approximately May of 1961

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [REDACTED] [REDACTED] [REDACTED]
Last Name First Name Middle Name
ADDRESS [REDACTED] Good Charlotte N.C.
Street City Zone State
TELEPHONE NUMBER [REDACTED] AGE 26 SEX F

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I have no special experience
but am interested in this type
thing - have a habit of looking
towards the sky.

33. When and to whom did you report that you had seen the object?

27 3 67
Day Month Year

Langley Airport Control Tower

burned out fast. There was
no noise what-so-ever.

I have checked with the control
tower at Langhams Airport here and
there are clouds on an overcast at
8,000 feet with visibility of 7 miles.
I was told by the tower that a
similar occurrence was reported
last night, 3-26-67, about the same
time and was seen in Charlotte
by four people. Also the same
night a report came from Hickory,
N.C. about the same object.
Evidently this was a meteorite
or something of the sort.

If at all possible I would
like a reply to this report.

Thank you--

34. Date you completed this questionnaire:

27 3 64
Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

This object looked like a yellow light bulb which was brighter than and bigger than surrounding stars. The color caught my eye at first. After several seconds it seemed to explode into three objects with the other two objects red and green. The green object felt like the back end of a rocket. The red object went up and for a few moments the yellow object appeared to stay stationary then drop a few degrees then move forward and turn out. The green object felt downward, flickered and turned out. The red object moved upward, zig zagged and

burned

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

27 3 67
Day Month Year

2. Time of day:

8 30
Hours Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

[Redacted] Charlottesville North Carolina
Near or Postal Address City or Town State or County

5. How long was object in sight? (Total Duration)

3
Hours Minutes Seconds

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined?

Approximated estimation

5.2 Was object in sight continuously?

Yes _____ No X

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

partially

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

FORCE UFO FORM

Page 2

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- ☒ b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- ☒ b. Dull moonlight
- c. No moonlight—pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- ☒ c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

a yellow light bulb

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred

- ☒ b. Like a bright star
- c. Sharply outlined
- d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|------------|-----------|------------|
| a. Appear to stand still at any time? | <u>Yes</u> | No | Don't know |
| b. Suddenly speed up and rush away at any time? | <u>Yes</u> | <u>No</u> | Don't know |
| c. Break up into parts or explode? | <u>Yes</u> | No | Don't know |
| d. Give off smoke? | <u>Yes</u> | <u>No</u> | Don't know |
| e. Change brightness? | <u>Yes</u> | No | Don't know |
| f. Change shape? | <u>Yes</u> | <u>No</u> | Don't know |
| g. Flash or flicker? | <u>Yes</u> | No | Don't know |
| h. Disappear and reappear? | <u>Yes</u> | No | Don't know |

Page 4

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

No

IF you answered YES, then how far away would you say it was? 20 miles

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building

b. In a car

c. Outdoors

d. In an airplane (type)

e. At sea

f. Other _____

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

c. In open countryside?

d. Near an airfield?

e. Flying over a city?

f. Flying over open country?

g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North

c. East

e. South

g. West

b. Northeast

d. Southeast

f. Southwest

h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

Yes

No

25. Did you observe the object through any of the following?

a. Eyeglasses

Yes

No

e. Binoculars

Yes

No

b. Sun glasses

Yes

No

f. Telescope

Yes

No

c. Windshield

Yes

No

g. Theodolite

Yes

No

d. Window glass

Yes

No

h. Other _____

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

An unmanned rocket with the released parts dropping from the rocket and burning.

Official U.S. Air Force

Page 3

14. Did the object disappear while you were watching it? If so, how?

yes - it flickered
and seem to burn fast like a
rocket part being launched -

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

No

Don't know.

If you answered YES, then tell what

it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

No

Don't know.

If you answered YES, then tell what

in front of: _____

17. Tell in a few words the following things about the object:

a. Sound

no sound

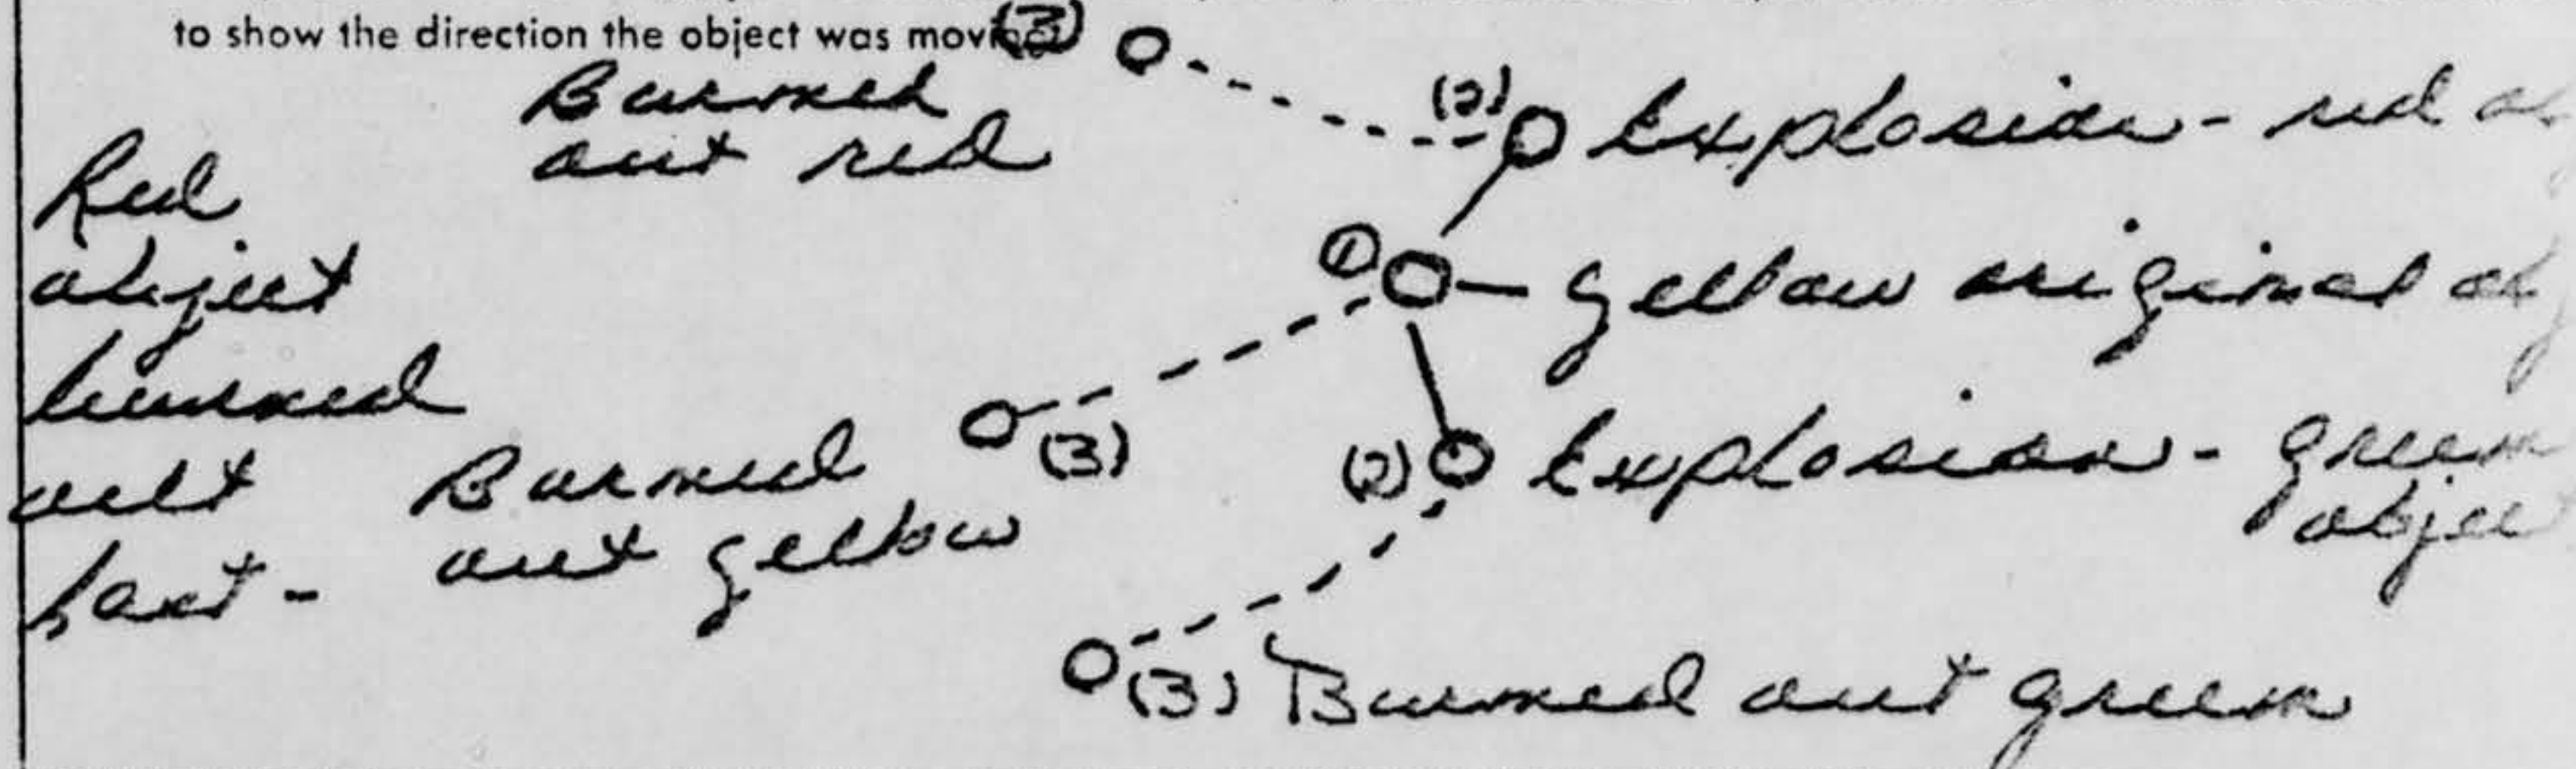

b. Color

yellow - red - green

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much the object would have been covered by the match head?

Maybe 1/4 of the object

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

Yes X

No _____

6. What was the condition of the sky?

DAY

a. Bright

b. Cloudy

NIGHT

a. Bright

b. Cloudy

undetermined

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One):

a. In front of you

b. In back of you

c. To your right

d. To your left

e. Overhead

f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

Bright glowing yellow light ctr, red light on top

12. The edges of the object were:

- (Circle One)
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

- e. Other Two objects
1 - dome shaped
1 - cigar shape comparable
to Uranus size.

13. Did the object:

Moved along with
car about 55 mi/hr

(Circle One for each question)

- | | | | |
|---|------------|-----------|-------------------|
| a. Appear to stand still at any time? | Yes | <u>No</u> | Don't know |
| b. Suddenly speed up and rush away at any time? | <u>Yes</u> | No | Don't know |
| c. Break up into parts or explode? | Yes | <u>No</u> | Don't know |
| d. Give off smoke? | Yes | <u>No</u> | Don't know |

| h. Disappear and reappear? | <u>Yes</u> | No | Don't know |

14. Did the object disappear while you were watching it? If so, how?

*moved out very rapid speed
to NW.*

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

No

Don't Know.

IF you answered YES, then tell what

it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

No

Don't Know.

IF you answered YES, then tell what

in front of:

17. Tell in a few words the following things about the object:

a. Sound

Don't know

b. Color

Red on top yellow glowing ctr

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

*appeared About 1 mile into Palmarco Sound by Cape
Hatteras N.C.*

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

cigar at arms length  *cigar (red)*
looked like a large  *Dome on bottom*
lamp shade at arms *(Bright yellow)*
length

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

No

55 mph

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

No

IF you answered YES, then how far away would you say it was? About 1 mile away

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building

b. In a car

c. Outdoors

d. In an airplane (type)

e. At sea

f. Other _____

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

c. In open countryside?

d. Near an airfield?

e. Flying over a city?

f. Flying over open country?

g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North

c. East

e. South

g. West

b. Northeast

d. Southeast

f. Southwest

h. Northwest

24.2 How fast were you moving? 55 miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

Yes

No

25. Did you observe the object through any of the following?

a. Eyeglasses

Yes

No

e. Binoculars

Yes

No

b. Sun glasses

Yes

No

f. Telescope

Yes

No

c. Windshield

Yes

No

g. Theodolite

Yes

No

d. Window glass

Yes

No

h. Other _____

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw

See item 19

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? 2
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

See the 19

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Over a period of 3 months N.C. State Police have had about 25 or 30 reports from different individuals at different times, generally same description.

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

5 highschool kids who reported to N.C. State Police and to Navy Base. In Patrol Britton's opinion they are the most respectable and trustworthy kid around the area.

32. Please give the following information about yourself:

NAME _____
Last Name First Name Middle Name

ADDRESS _____
Street City Zone State

TELEPHONE NUMBER _____ AGE _____ SEX _____

* Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

Day Month Year

34. Date you completed this questionnaire:

28 March 67
Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

This was reported jointly by
N.C. State Patrolman Britton (Tel No. 995-3456)
Buxton N.C. And Lt. J.S. Cuttitta
Exec Officer Navy Facility Cape Hatteras,
Buxton N.C. Auto Vonn 555-3746

The 5 H.S. Children reported their observation
to N.C. State police who in turn contacted
Navy station, which contacted me. They
both have also seen this object over the
past two months. It has been reported
Langley AFB, which promised to send
some one down to investigate however
no one has shown any interest. They
would very much like someone to come
down and investigate or give explanation.

Called into FTD office at 2200 hrs
28 Mar 67

14. Did the object disappear while you were watching it? If so, how? *1 Moved away fast*
2 Flashed until light went out
3 Went down to ground (but did not see land)

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what it moved behind: *trees as it went down*

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes ☒ No Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

- a. Sound *No sound*
 b. Color *Very bright red*

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head? *All of the object*

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

3 small red lights through binoculars *0 one red light without binoculars*

to Dayton

Proposed reply to letter from [REDACTED] Aug 2, 67 (Sightings Mar 29 & May 10, 67)

Dear Mr [REDACTED]

Reference your recent letter in which you reported your unidentified observations of March 29 and May 10, 1967.

With the information submitted, it would be extremely difficult to offer much of an explanation. Essential data such as flight characteristics, maneuvers, etc., are quite important in a comprehensive evaluation. If you had reported your observation to your nearest military installation at the time, an evaluation would have been possible. The local UFO investigator is in a far better position to conduct an on-the-spot investigation. Your nearest military installation is:

910 Troop Carrier Group
Youngstown Municipal Airport
Vienna, Ohio 44472
phone: area code 216; 374-1551 ext 258

The information on your unidentified observations will be added to our present data base.

The inclosed information on Project Blue Book may be of interest to you. Thank you for reporting your observation to the AirForce.

RESEARCH ON
UFO'S AND
ASTRONOMY

Salem, O
August 2

"Project Bluebook"

Wright-Patterson Air Force Base
Dayton, Ohio

Dear sirs; I would like to report seeing a UFO on March 29, 1967. Since I have seen two or three more. Below is a form describing two of the ones I have the logest. One was on March 29 and the other one was on May 10

UFO March 29

1. Discription of the object:

- (1) Shape-Oval
- (2) Size-Approximately the size of a quarter, but thicker.
- (3) Color-Silver-white
- (4) Number at the time-One
- (5) Tail, trail, or exhaust-None
- (6) Sound-None
- (7) Unusal features-None

2. Discription of coarse of object:

- (1) I was riding in the car with brother looked up and there it was.
- (2) Angle of elevation and azmith-Angle 45 degrees (approx), Azmith-350° (approx)
- (3) Discription of flight path-Moving east at about 7 times faster then a jet slight tilt forward in direction of travel.
- (4) How object disappeared-Went behind a building.
- (5) Lenght of time in veiw-Three and one half minutes

3. Manner of observation:

- (1) Ground-Visual
- (2) No optical aids used

4. Location of observer-In car looking northwest.

5. Observer-Robert M. Smith 370 N. Lundy Saem, Ohio

UFO May 10

1. Discription of the object:

- (1) Shape- Straw hat shaped
- (2) Size-The size of a nickle
- (3) Color-Grayish-white with blinking lights that changed colors from red to orange to blue-white.
- (4) Number at the time-One
- (5) Tail, trail, or exhaust-None
- (6) Sound-None
- (7) Unusal features-Shape and color, no UFO I read about is a grayish-white.

2. Discription of coarse of object:

- (1) I was out back with friend looking at stars through telescope when we looked up and saw it.
- (2) Angle of elevation and azmith-Elevation 65 degrees (approx), Azmith 45° northeast.
- (3) Discription of flight path-Heading east by northeast going about five times speed of jet.
- (4) Howed it disappeared-Went behind trees
- (5) Lenght of time in veiw-Three minutes (approx)

3. Manner of observation

- (1) Ground-Breif glimpse through telescope.
- (2) Telescope

4. Location-Backyard

5. Observer-

And so concludes list. If you have any information on UFO'S please come. Thank you gentlemen for reading this letter.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass when you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

A'-B' is motion towards me. motion was almost exactly horizontal

29. IF there was MORE THAN ONE object, then how many were there? 4
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

They would occasionally pair off and move in different horizontal directions. Sometimes towards me.

Page 6

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

NO

31. Was anyone else with you at the time you saw the object? (Circle One) Yes ☐ No ☒

31.1 IF you answered YES, did they see the object too? (Circle One) Yes ☐ No ☐

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [REDACTED] [REDACTED] [REDACTED]
Last Name First Name Middle Name
ADDRESS [REDACTED] Ave. Crooksville ✓ Ohio
Street City Zone State
TELEPHONE NUMBER [REDACTED] AGE 19 SEX M

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I believe in flying saucers and therefore may be prejudiced. I have never seen a U.F.O. before.

33. When and to whom did you report that you had seen the object?

To my mother.

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I have talked to four other people who saw similar objects on that night at the same time but they were not with me. I also saw these objects on 3/30/67 and 3/31/67. I am not given to hallucinations and was very much surprised to see these objects. I had the uneasy feeling, while watching these objects, that I was being watched myself.

The objects usually moved in pairs and two of them came close enough to town (Crooksville) that I could see the shape. But they were usually too

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

30 March 1967
Day Month Year

2. Time of day: 8 15
Hour Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

[REDACTED] Kitchener Ontario
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration)

20-30
Hours Minutes Seconds

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined?

By guessing

5.2 Was object in sight continuously?

Yes ✓ No _____

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- ☒ c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- ☒ d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One):

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- ☒ b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

Duller white than this paper

12. The edges of the object were:

- (Circle One):
- a. Fuzzy or blurred
 - b. Like a bright star
 - ☒ c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|-----|-------------------------------------|------------|
| a. Appear to stand still at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | <input checked="" type="radio"/> No | Don't know |
| c. Break up into parts or explode? | Yes | <input checked="" type="radio"/> No | Don't know |
| d. Give off smoke? | Yes | <input checked="" type="radio"/> No | Don't know |
| e. Change brightness? | Yes | <input checked="" type="radio"/> No | Don't know |
| f. Change shape? | Yes | <input checked="" type="radio"/> No | Don't know |
| g. Flash or flicker? | Yes | <input checked="" type="radio"/> No | Don't know |
| h. Disappear and reappear? | Yes | <input checked="" type="radio"/> No | Don't know |

1112

14. Did the object disappear while you were watching it? If so, how?

The last sight probably because it left. Was still over treetops when last seen.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't Know.

IF you answered YES, then tell what

it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

Yes

☒ No

Don't Know.

IF you answered YES, then tell what

in front of: _____

17. Tell in a few words the following things about the object:

a. Sound None.

b. Color a dull white at all times.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

The matchhead would cover $\frac{1}{6}$ of the object.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One) Yes ☒ No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes ☒ No

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- b. In a car
- ☒ c. Outdoors
- d. In an airplane (type) _____
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- ☒ b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|--------------|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes ☒ No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|-----|-------------------------------------|----------------|--------------------------------------|-------------------------------------|
| a. Eyeglasses | Yes | <input checked="" type="radio"/> No | e. Binoculars | <input checked="" type="radio"/> Yes | <input checked="" type="radio"/> No |
| b. Sun glasses | Yes | <input checked="" type="radio"/> No | f. Telescope | Yes | <input checked="" type="radio"/> No |
| c. Windshield | Yes | <input checked="" type="radio"/> No | g. Theodolite | Yes | <input checked="" type="radio"/> No |
| d. Window glass | Yes | <input checked="" type="radio"/> No | h. Other _____ | | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

A baseball would probably give the same appearance.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

B ← ← ← ← ○ ← ← ← ← A

29. IF there was MORE THAN ONE object, then how many were there? _____

Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

I saw a object of the same kind on Sept 9, 1966. It was following a jet vapor trail over Kitchener.

31. Was anyone else with you at the time you saw the object? (Circle One) ☒ Yes ☐ No

31.1 IF you answered YES, did they see the object too? (Circle One) ☒ Yes ☐ No

31.2 Please list their names and addresses:

[REDACTED]
[REDACTED]
Kitchener, Ont.
Canada

32. Please give the following information about yourself:

NAME [REDACTED] [REDACTED] [REDACTED]
Last Name First Name Middle Name

ADDRESS [REDACTED] Kitchener Ontario
Street City Zone State

TELEPHONE NUMBER [REDACTED] AGE 14 SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

Day

Month

Year

34. Date you completed this questionnaire:

14
Day

April
Month

1967
Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

~~_____~~
~~_____~~
Kitchener, Ont
Canada

Dear Sirs,

Please write and tell me what you think I saw. If at all possible please sent me another form.

Yours sincerely,
~~_____~~
